

VOLUNTARY CONTRIBUTIONS, CHARGES AND ADDITIONAL COST ITEMS FOR 2023

Dear Parents/Guardians

Sections 98, 99,100,101 and 108 of the Education Act 1999 outline the requirements for Government Schools to follow when establishing voluntary contributions, charges and additional cost items. One requirement is for schools to outline by early December all the costs that parents are likely to incur for the child's education in the following year. All costs for 2023 have been approved by the School Board.

While the contributions listed below are voluntary, we rely on these funds to provide curriculum resources and special programs across the school. In 2022 the payment of voluntary contributions provided extra reading resources in classrooms and the library, STEM resources, new student iPads and Literacy Pro licenses.

Voluntary Contribution	\$80.00
P & C Voluntary Contribution	\$40.00

A range of payment options is available, please contact Janet Vincent, the Manager Corporate Services at janet.vincent@education.wa.edu.au or 9308 3800 to make arrangements.

ADDITIONAL COST ITEMS (paid at the time of the activity)

In addition to the Resource List (book list) which is available from our website, outlined below are our best estimates of the total cost parents may be expected to pay for each year group for 2023. To the best of our ability we have estimated costs using historical data and cost indications from suppliers/providers.

Students will **incur costs when they participate** in the particular activity and information will be sent home to parents/guardians when these occur. The amounts listed in the table are the **maximum** amounts that may be charged for the year. **Payment is sought at the time of the activity.**
